

# GREAT PLAINS SOLID WASTE

Dear valued Customer,

The highest quality of customer service is our standard and we are committed to serving you in the best possible way. We will always continue to strive to better ourselves and be a business you can depend on for your garbage collection needs. We are thankful for the customer relationships that have been formed to date and look forward to building more.

Operating Great Plains Solid Waste with honesty and integrity is something we are proud of and will never waiver from. We will and have experienced struggles that come along with the nature of this business, which makes communicating with our customers a top priority for us. Anytime the routes are affected we will use our alert system that will send an alert to the e-mail and/or text number you provided us, as well as posting on our website [www.greatplainssolidwaste.com](http://www.greatplainssolidwaste.com).

It has been a learning curve for us, and we genuinely appreciate your business, understanding, patience and support! We look forward to an honest partnership with each customer for many years to come. We ask that if you have any questions or concerns arise, please give us a call and let's talk!!

Sincerely,

Troy and Vicky Prevost
